Re: House Bill 1363: County Boards of Education – Procurement of Green Product Cleaning Supplies

Dear Chairperson Conway and Committee Members:

Thank you for the opportunity to provide information on House Bill 1363, which requires a county board of education to procure green product cleaning supplies for its schools; and requires other directives related to this issue. The Maryland Department of the Environment (MDE) supports House Bill 1363. We are aware of the positive impact on the environment that can be derived from an increase in the utilization of “Green Products” as well as the benefits gained from the decrease in potential exposure that students may encounter when non-green cleaning products are used in their schools.

Thank you for allowing us to express our support for House Bill 1363. If you have any questions regarding this issue, please do not hesitate to contact me at 410-260-6301.

Sincerely,

Lisa Nissley
Legislative Liaison

CC. Heather Barthel
